

24 hour Locksmith Service

07779 7986 689 or 0800 052 0775

Abbey Locksmiths is an established police recognised Locksmiths company operating throughout London, Hertfordshire and Middlesex and the surrounding areas. We provide a reliable **24 hour Locksmith service**, so if you have been locked out, lost your keys, or need your locks changed we can help.

Why call Abbey Locksmiths?

When you call Abbey Locksmiths you'll speak with a **trained Locksmith** (not a call centre) and we promise to answer your call promptly, give a fixed price in advance, and turn up when we say we will. Our Locksmiths can often identify any problems you have over the phone, so you will know what to expect when we arrive. We offer **competitive rates** to all our customers and **free surveys and estimates**. We don't charge hourly rates or call out charges. The price we quote you is the price you pay.

How can we help you?

We employ a fully qualified skilled team of **Local Locksmiths** who can attend your premises and advise you on which locks will best suit your property. Our Locksmiths carry a wide range of stock on their vans which more often than not eliminates the need for a second visit. Ask our local Locksmith when he arrives to carry out a free survey, this will alert you to any security issues you might have and the solutions that are available. Once we have completed any work our engineers will always clean up after themselves, leaving the site as they found it.
