

AECOM is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM is a leader in all of the key markets that it serves. AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural and social environments.

Since the origination of AECOM in 1990, we continue to improve our global resources through local networks. We are made up of some of the world's finest engineering, design and program management companies – with long decades of experience in their respective fields. One thing remains constant at AECOM is our Purpose: “To create, enhance and sustain the world's built, natural and social environments.” Dedicated to this promise, our company is driven by a clear set of Core Values, which define who we are, what we do and how we do it.
